The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all Dealers.

Old Papers at the Republican.

LETTER MAKES EXPLANATION ABOUT A BILL

A. R. UNDERWOOD WRITES FOR REPUBLICAN THE STORY OF MR. LEMLE'S GIFT.

RESPONSE TO CALL

Twenty-Five Dollars Presented To Wide-Awake Hose Company As a Token of Appreciation.

Plymouth, Ind. June 16, 1911.

Editor Republican:

Dear Sir:—In your issue of June 13, in the account given of the City Council proceedings of June 12, is a statement that the City Clerk was ordered to send a bill to Mr. Geo. Lemler for the amount of \$5.00 for the cost of run made by the fire department to his house just south of the city on a recent Sunday evening.

I wish to state for the information of your readers and the public in general, that Mr. Lemler presented to Wide Awake Hose Company for their assistance rendered in putting out the fire at his residence, the sum of \$25.00 as a gift showing his regard for the organization that would so promptly respond to his call at such a threatening time.

That was placed in my hands to turn over to the Company at the first meeting, which was held on Wednesday evening. When I learned of the action by the City Council, I took steps to prevent this bill being sent to Mr. Lemler, and paid in five dollars to the City Treasurer, taking his receipt for the same, and no bill was sent to Mr. Lemler. At the meeting of the Hose Company, by unanimous vote, they sustained my action in paying this bill as I did.

Wide Awake Hose Co. was organized on June 13, 1883, and during that time has responded to every fire call since, and has answered to eleven calls outside of the city limits, such as to the Children's Home north of the city, to the old Clough place on the Pretty Lake road, the Monarch Iron Works, and even to making a run over-land to the City of Walkerton. In doing this the company was aware that we were not compelled to go out of the city to fight fire, but always went because we wanted to help those in need. We have no word of censure for the City Council in starting the precedent of asking those outside to pay the expense incurred in such cases, that is not our business. Wide Awake Hose Company wishes to help those in distress from fire danger, and stands ready to help even outside the lines of the city.

In justice to Mr. Lemler and to Wide Awake Hose Co. I ask you to kindly give publicity to this matter. Thanking you in advance for the favor, I am

Respectfully,

A. R. Underwood,

Foreman Wide Awake Hose Co.

Your Neighbor's Experience.

How you may profit by it. Take Foley Kidney Pills. H. L. Sterling, 816 Leland Ave., Elkhart, Ind., writes: "I had a bad case of kidney and bladder trouble and was in a nervous run down condition. I suffered severe backaches and had intense pains in my side. My kidney action is irregular and painful and when Foley Kidney Pills were brought to my attention, I began using them according to the directions. I continued their use until I felt entirely well, and have not been troubled in the least since. My backaches and side pains are gone and the action of the kidneys is regular and normal. Foley Kidney Pills did wonders for me." For sale by all Druggists.

Left for home in Spokane

Mrs. Simon Rosenhaupt who has been visiting with her parents, Mr. and Mrs. Sig. Myer and sister Mrs. Mose Lauer, left for her home in Spokane, Washington Friday.

Whooping cough is not dangerous when the cough is kept loose and expectoration easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by all Dealers.

SHOCK WHICH SANK MAINE WAS TERRIFIC

THE EXPLOSION MUST HAVE BEEN MUCH WORSE THAN WAS FORMERLY SUPPOSED.

HULL IS SHATTERED

Worse conditions Revealed As Pumping Proceeds—May Change Plans For Disposal of Hulk.

Havana, June 16.—A terrific explosion sent the battleship Maine to the bottom of Havana harbor.

That the shattering of the hull, expressed by the mute testimony of steel ribs bent apart, decks upheaved and hurled far from their original position, bulkheads crumpled like sheets of paper and apparently inextricable, was far greater than supposed was revealed as a result of a superficial observation made possible by the lowering of the water level in the cove-dam a total depth of seven feet.

On account of this unforeseen revelation all plans heretofore proposed for dealing with the ultimate removal of the hulk have become merely conjectural until a considerable amount of water has been pumped out.

As the water receded every successive foot revealed worse conditions in that portion of the hull forward of amidships, which was subjected to the main force of the explosion.

The bow section is still nearly twenty feet below the surface, and here it is believed the destruction will be found to have been even more complete.

OCCUPY ENLARGED BUILDING.

Addition To Republican Print Shop Completed—Machinery Being Moved In.

Since the combination of the Chronicle and Tribune printing plants and the increase of business which has come our way, we have found it necessary to have larger quarters. An addition has been built, forty-two feet long. The Republican will now occupy the entire space from the front door to the alley.

We are readjusting machines and arranging them in the most advantageous places.

When completed the Republican work shop will be one of the most up-to-date and best equipped print-offices to be found in any city of this size in Indiana. An expert from Ft. Wayne is superintending the placing of machinery and erection of the big press.

Until the surplus presses etc. are sold they will be stored in the John Rentschler building on the corner of Sophia and Michigan streets.

New Motor Boat.

A fine new Motor Boat passed through here Thursday on a dray from Waukeshaw, Mich., and attracted considerable attention. It is a 27 foot racing, gasoline motor boat, and can make 40 miles an hour. It is to be the property of O. T. Sailor and used by him as a pleasure craft on Lake Maxinkuckee.

Five Hundred Club.

The sixteen ladies of the Five Hundred club were entertained Wednesday afternoon at the home of Mrs. Welcome Miller. Several games of five hundred were played after which light refreshments were served by the hostess. Mrs. John Grimm of South Bend was an out-of-town guest.

Fortnightly Meeting.

Mrs. Frak Lamson entertained the members of the Fortnightly club at her home Wednesday afternoon. Whist occupied the afternoon. Refreshments were served to the guests after cards.

The woman of today who has good health good temper good sense bright eyes and a lovely complexion the result of correct living and good digestion wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all Dealers.

Old Papers at the Republican.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate as long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

OLMSTEAD VANVACTOR HURT

Beam Falls From Barn And Strikes Him On the Head—Gash Sewed Up.

Olmstead Vanvactor was seriously hurt Thursday p. m. at the barn raising of George Lemler's. A beam fell from the top of the building and struck him on the head. He fainted away and doctors were called. Several stitches were taken in the cut made.

M. E. Quarterly Conference.

The Third Quarterly Conference of the Methodist church will be held in the church parlors next Friday evening at 7:45.

The Rev. Paul C. Curnick, D. D., of South Bend, District Superintendent, will preside. Reports of the various departments of church work will be made. Arrangements will also be made at this conference for an election to decide upon delegates to be sent to the Lay Electoral Conference to convene in Terre Haute, October 6.

In that conference, the delegates are to be chosen to the General Conference, which will meet in May, 1912, in Minneapolis.

To the meeting next Friday evening, the question of the new building project has been referred by the Official Board. A full attendance of all the Official members of the church is desired. Others interested are invited.

Scaffolds Fall At Orpheum.

A. Burchard and "Ossie" Bowles are painting the interior of the Orpheum theatre. A short time after they had started to work this afternoon a 2x4 support on the scaffold split, and Ossie, who was on the scaffold was in danger of getting a bad fall. Burchard, who was near, tried to hold the platform from falling and was unsuccessful. One of the falling boards struck him in the face and made several gashes. "Ossie" slid down the scaffolding and considered it lucky to sustain no more than a bruised leg.

Had a Scare.

Lott Losey had an experience last Sunday, which though it looked threatening for a time, had no serious results. He and three other boys were sailing on Lake Maxinkuckee when their craft was struck by a cyclone which blew the boat over on its side. The four sailors kept their heads, sat up on the edge of the ship and called for help which soon came to the rescue.

To Leave Plymouth.

Prof. J. H. Bishop, who has been giving instructions in music in this city, is to leave the city Tuesday for his home in Rochester, N. Y. Although Mr. Bishop has resided in Plymouth but a short time he has made many friends here. He expects to return to Plymouth for a visit after a time on his way to the West, where he expects to locate.

Philathea Class Meeting.

About twenty girls of the Philathea class of the Methodist Sunday School were entertained by Demaris Metsker, the evening of June 14. Games and refreshments occupied the evening. Mrs. Duncan is the teacher. The class is planning to picnic at Pretty Lake next Tuesday.

Will Visit Sweden.

John Asp of Donaldson left today for New York City where he sails for Sweden. He expects to visit his old home, which he has not seen for 39 years and other parts of the old world.

Brownlee Bridge Impassable.

The center portion of the Brownlee bridge has been removed because of the danger to foot passengers. It has not been open to vehicles for some time; but now it is deemed too dangerous for pedestrians.

It is worse than useless to take any medicines internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by all Dealers.
